

Reading: Luke 2:39-52

³⁹ When Joseph and Mary had done everything required by the Law of the Lord, they returned to Galilee to their own town of Nazareth. ⁴⁰ And the child (Jesus) grew and became strong; he was filled with wisdom, and the grace of God was on him.

The Boy Jesus at the Temple

⁴¹ Every year Jesus' parents went to Jerusalem for the Festival of the Passover. ⁴² When he was twelve years old, they went up to the festival, according to the custom. ⁴³ After the festival was over, while his parents were returning home, the boy Jesus stayed behind in Jerusalem, but they were unaware of it. ⁴⁴ Thinking he was in their company, they travelled on for a day. Then they began looking for him among their relatives and friends. ⁴⁵ When they did not find him, they went back to Jerusalem to look for him. ⁴⁶ After three days they found him in the temple courts, sitting among the teachers, listening to them and asking them questions. ⁴⁷ Everyone who heard him was amazed at his understanding and his answers. ⁴⁸ When his parents saw him, they were astonished. His mother said to him, "Son, why have you treated us like this? Your father and I have been anxiously searching for you."

⁴⁹ "Why were you searching for me?" he asked. "Didn't you know I had to be in my Father's house?" ⁵⁰ But they did not understand what he was saying to them.

⁵¹ Then he went down to Nazareth with them and was obedient to them. But his mother treasured all these things in her heart. ⁵² And Jesus grew in wisdom and stature, and in favour with God and man.

Emails: How do you do it?

This week we're thinking about personal data and how to keep it safe. We are now living in a digital age and so should educate ourselves on how to guard our own and other peoples personal information.

Have you thought how you use peoples email addresses? In order to reduce the possibility of personal email addresses getting picked up by 'spam' etc, it is best to use the BCC (Blind Carbon Copy) function when sending out emails to groups of people, unless otherwise agreed with all.

Think before you forward on emails, (and hence all the emails that have one before) to others without permission. Out of courtesy ask "is it ok if I forward this to..."
