

Sermon notes: Sunday 12th May 19
Generosity brings freedom

Read Luke 12:13-21

Jesus warned us that the rich give from their wealth. What does this say to us about sacrificial giving?

Jesus called us to seek first his kingdom and his righteousness. Are they our top priorities? If not, what is and why is it?

The tithe is a useful benchmark but may blind us to sacrificial giving. Consider whether your tithe should be higher or lower?

Priority question. Above all else guard your heart for It is the wellspring (the head of a source of a spring/river etc) of life.. (Proverbs 4.23) Discuss what this means.
